The committee on petitions and remonstrances recommended changes in license house licenses as follows: From Henry Meyer to August Meyer; George Grubb to George Carl; John Minkemeyer to William Schnupp.

The committee on accounts reported bills amounting to \$4 00; ordered paid. The books of the city clerk and city receiver were found in good shape.

The committee on real estate recommended bills amounting to \$1,250; ordered paid.

The committee on streets, alleys and grades recommended changes of the grade on Woods, Water and Fifteenth streets. An ordinance legislating to that effect was passed.

The committee on fire department recommended bills, \$560 61; ordered paid.

Bills from the committee on markets aggregated \$182 40; paid.

The committee on ordinances reported ordinances, but before action was taken, a communication was received from the West Virginia Humane Society. It requests the appointment of a matron for police court; the communication recites the good results that have followed such action in other cities. It was accompanied by a petition signed by several hundred citizens. On motion of Mr. Britt the matter was referred to the committee on police. Members of the society, accompanied by their legal adviser, Mr. G. R. C. Allen, were present.

The speed ordinance, which provides for an increase of speed by locomotives within the city limits, from ten to fifteen miles per hour, was on motion of Mr. Britt, laid on the table. This measure was championed by the chamber of commerce, but no members of that body were present last night. There was not a vote against laying it on the table in the second branch. Six or seven members voted for the motion and a majority did not vote.

The committee on claims reported on several claims, as follows: William Crogan, rejected; W. McWilliams, rejected; H. Pape, rejected; M. Zimmerman's claim referred to city engineer for report.

Slight changes were made in the annual appropriation ordinance.

The committee on police reported bills, \$33 50; ordered paid. The resignation of Officer Kemple and the appointment of Henry Meyer, were approved.

The board of equalization and appeals reported to council its work of changing assessments on property in the several wards. There were not so many changes as usual. The assessors were ordered paid \$550 for their work. Other bills were also recommended for payment aggregating \$330.

The board of street improvements presented bills for street improvements aggregating \$2,594 69; ordered paid.

The application of the Manufacturers' Gas Company for permission to lay certain gas pipes, made to the board of public works, was referred to council as the board was uncertain as to its power in the matter. Council in turn referred the application to the city solicitor and committee on ordinances.

An invitation to Wheeling city officials to attend the Chicago meeting of the American Society for Municipal Improvements, was read. The society also asked whether it is true that there is much defective electric light wiring in Wheeling. Both communications were referred to the city charter committee. James A. Henry presented a communication, asking that his application for permission to tear down a portion of the parapet of the Main street stone bridge be considered. The first branch turned down the petition.

Mr. Britt introduced a resolution for a change of position of the Baltimore & Ohio switch box at the corner of Seventeenth and Woods streets. The resolution provides for locating the box on the southeast corner. It was passed by council.

A number of petitions were referred to the gas and water boards and board of public works.

Mr. Bender introduced a resolution asking the board of public works to make frequent changes in its force of employees, in order to give more idle men employment; referred to the board.

A resolution was introduced by J. A. Britt, requesting the city solicitor to draw up an ordinance prescribing the duties of the city engineer and fixing his compensation. The resolution was passed.

A resolution from the first branch providing for the filling up of a hole in front of William Crogan's place in East Wheeling, was declared out of order.

der, as it is not in the power of the upper branch to begin legislation that involves the expenditure of money.

At 10:10 p. m. council adjourned.

FOURTH STREET CHURCH.

Improvements Nearly Completed—The Interior Almost Completely Renovated. Improvements Described.

The improvements on the Fourth street M. E. church building are nearly completed, and the church will be in shape for the regular services one week from next Sunday. Over \$4,000 has been spent on the repairs and improvements, and the interior of the edifice presents a handsome appearance as the result of the work of the frescoers and other workmen.

The church auditorium and Sunday school room have been treated to a general overhauling and present an appearance very different from that of a few weeks ago. Representatives of Stoughton & Stulen, of Pittsburgh, have frescoed the walls and ceiling, and the work reflects great credit on the contractors. Elegant new stained glass windows have been put in by Marshall Bros. of Allegheny, which also add to the attractiveness of the church.

Incandescent lights will illuminate the building, having been put in by the Wheeling Electrical Company. New and elegant chandeliers have been substituted for the old ones. Friend & Sons received the contract for carpeting the church, and a handsome oak and green carpet will cover the floor on stairs, and red and black down stairs.

The two large pipe organs have not been neglected in the general improvements, both having been overhauled by expert representatives of Winder Bros. of Cleveland. They were taken apart and cleaned thoroughly, and are now just as good, if not better, than new.

New cushions will be placed in the pews, and everything added that will make the church one of the most complete places of worship in the city.

Captain Bowen's Lecture.

Members of the Grand Army Posts in Wheeling and their families should not fail to attend the lectures of Captain Bowen, United States of America, to be given at the Opera House next Tuesday evening, as they may never have another opportunity to witness a pictorial representation of Custer's Last Fight. The lecture has been given to delightful audiences in Atlanta, Georgia, Buffalo, N. Y., and Houlton, Me., and the captain is now soon to report for duty at Fort McPherson. The Buffalo Courier referring to this lecture, says:

"A large audience attended Captain Bowen's lecture at the Broadway armory last night, and thoroughly enjoyed the excellent stereoscopic views of life on the plains, and particularly the pictures of Sitting Bull, Rain-in-the-Face, and other figures in the Indian warfare of recent years. The picturesque beauties of the Yellowstone varied by imposing mountain scenes, and the scarcely less rugged features of Indian chiefs and their squaws made a pleasing panorama. Now the ruins of an old fort, and then a lifeless elk lying at the foot of a mountain cliff attracted attention. Mounted Indians and soldiers in battle array, native councils and tented fields were passed before the eyes of the delighted spectators. The cruel sun dance was followed by pleasing camp scenes, and altogether the lecture was not only interesting, but highly instructive."

This lecture should be patronized by all our citizens, as Captain Bowen donates one-half the proceeds to the West Virginia Home for Aged and Friendless Women. Remember the date, Tuesday, September 22.

The Hervey Reunion.

The annual re-union of the Hervey family, one of the oldest and best families of Brooke county, was held at the home of Rev. David Hervey, recently. The grant of land upon which the elegant old home stands, is signed by Patrick Henry, governor of Virginia, 1772, and the land had been in the possession of members of the Hervey family since that date. Henry Hervey and sisters, Mrs. Ferris Hervey and family, remained over eighty relatives with that grace and ease so characteristic to southern homes. The large dining hall and vine-clad porches were filled with tables artistically decorated with fruit and flowers. Dinner was served at one o'clock. A number of relatives from Wheeling enjoyed the day at the old home.
